

FINAL ASSIGNMENT

The final assignment consists of two parts: the **group report** and the **individual report**, as described following.

Group Report:

There is no page limitation for the group report. Your grade will be judged by the richness and thoroughness of the content. Your group should address following eight elements adequately.

1. Summary of the case:
In 300 to 500 words, please include a brief description of the case and its context.
2. Objectives:
Please describe the key issues and intended learning objective for which your case was written.
3. Critical questions:
List the three critical questions of your case that discussed in class.
4. Case leading strategy:
What are the 'trigger' questions for opening your case and advancing the case discussion? What is your group's strategy in leading the case?
5. Analysis:
The analysis should offer comprehensive answers to the list of critical questions and should be as thorough as possible.
(Note: If the case includes quantitative data, it might suggest ways of utilizing the data, and should ideally include the details of any spreadsheet analysis. At the very least it should indicate the techniques to be used for analyzing the data.)
6. References or additional readings:
References or suggested additional readings should be listed if any.

7. Feedback:

What are the feedbacks and what have you been observed from classmates when interacting within class?

8. Conclusion:

Please conclude your case.

Individual Report:

Please write a one to two-page self-assessment individual report based on the whole semester work, which includes group case discussion and group project. Please answer the following questions:

1. What were your roles and responsibilities on the group work? How were they decided?
2. What did you learn from this group collaboration?
3. What would you have done differently? What will you remember to do on the next project you work on after this experience?
4. Please honestly assess each team member's performance. If you had to give them a grade, what would it be? If you had 100 points to allocate to your team, how would you allocate them?

Note:

1. Group Report Deadline:

The group leader should send the group report in MS Word format to **TA** electronically no later than June 27, 2009.

2. Individual Report Deadline:

Each student should send the individual report in MS Word format to the **instructor** electronically no later than June 27, 2009. In the e-mail subject, please input: [MIS Ind. Report] Group # / Student ID / Name. Your individual report will be kept highly confidential.

3. No late submission will be accepted.

4. TA's e-mail address (for group report): praguearea@yahoo.com.tw

5. Instructor's e-mail address (for individual report): jeng@mail.ncku.edu.tw
