Papers List on “Traffic Flow Characteristics”

based on the characteristics of interrupted flow and junction control: Part I -

based on the characteristics of interrupted flow and junction control: Part II -

flows, and highway safety. Accident Analysis and Prevention 8 (4), pp. 263-270.

17. Nakano, K. et al. (1999). Teletraffic characteristics in cellular systems and traffic
flow in road systems. IEEE Vehicular Technology Conference 2, pp. 1193-1197.

application in ITS, IEEE Transactions on Intelligent Transportation Systems 8(2),

Characteristics of the Late Merge Work Zone Control Strategy, Transportation
Research Record 1657, pp. 1-9.

conditioning characteristics of motorway vehicular traffic flow. Proceedings of
the International Conference on Applications of Advanced Technologies in

adaptive cruise control on traffic-flow characteristics, IEEE Transactions on
Intelligent Transportation Systems 7(4), pp. 429-436.

and short-term prediction model of urban intersection. Journal of Traffic and
Transportation Engineering 6 (1), pp. 103-107.
